

华东师范大学人类受试者保护委员会
University Committee on Human Research Protection

周兢教授主持的《基于汉语儿童语料库的语言障碍诊断系统研究》在研究开始前征求了儿童被试及家长意见，获取了家长签署的书面知情同意书，保护了儿童受试者的基本权益，研究过程符合华东师范大学人类受试者保护委员会的要求。经华东师范大学人类受试者保护委员会讨论认定该研究符合伦理规范。特此证明！

Zhou Jing's project Establishing A Language Disorder Diagnosis System based on the Chinese Children's Corpus asked children and their parents' opinion and got written informed consent signed by children's parents, which protected children's rights and interests. The research process complied with the requirements of East China Normal University Committee on Human Research Protection. After discussion by East China Normal University Committee on Human Research Protection, the study was found to be ethical.
