I, Christine Bowerman, hereby give permission for the language diary data collected by my mother, Dr Melissa Bowerman, in the 1970s to be archived by the Max-Planck-Institute for Psycholinguistics, Nijmegen, NL, and by the CHILDES Archive at Carnegie-Mellon University, Pittsburgh, USA. I am including in this permission the short audio-recordings and their transcriptions that form part of the diary record and will be available, with special permission only, from the MPI for Psycholinguistics.
