

**PERMISSION TO DISTRIBUTE TRANSCRIPT DATA
THROUGH TALKBANK
Carnegie Mellon University**

Carnegie Mellon University is participating in a data-sharing program known as TalkBank that was established through federal and foundation grants to Brian MacWhinney at Carnegie Mellon. For the program to function properly, contributors will be asked to and will give permission for their work to be made available to other researchers. With a full understanding of the aforementioned, I hereby give permission to TalkBank to make and circulate electronic copies of the language transcripts and media that I describe below. These copies may be distributed to scholars and other responsible parties. I warrant that this use of the data is in accord with Human Subjects review procedures at my institution and that participants have given informed consent to have their data available to researchers. I also warrant that there is no copyright restriction over the transcripts and media being circulated. Any further restrictions that I wish to place on the use of these data are listed under (2) below. I do not hold Brian MacWhinney or Carnegie Mellon responsible for the enforcement of these further restrictions and indemnify and render harmless both Brian MacWhinney and Carnegie Mellon University against any actions at law or in equity or in similar courts of any jurisdictions arising from violations of these restrictions.

1. General description of the data set, and IRB Approval # (if available):

Audio and video recordings of 22 French-speaking children during their first year in kindergarten in France (November 2006-June 2007, 13 sessions, approximately 20 hours). Age range in first session: 2;5-3;4. Age range in last session: 3;0-4;0. Two children are not monolingual: RIT's L1 is Portuguese and ELI's L1 is Russian. The interactions are child-child and child-investigator spontaneous interactions, including playing various games, 'reading' books, commenting on the class' photo album, asking the children about their activities in and out of school.

No IRB Approval #

2. Restrictions to be placed on the use of the data:

Last names and locations are sometimes audible in the recordings. They are not transcribed and should never be.
